

# What is the maximum size of a JISAM file?

*Author: Veryant Support*

*Saved From: <http://support.veryant.com/support/phpkb/question.php?ID=62>*

The limit for JISAM is currently 9EB (Exabytes, a million terabytes).

You can see this and more information about JISAM indexed files in the SDK Users guide, under Files Management, on the "Indexed Files" page.
